POSITION TITLE: CLINICAL SOCIAL WORKER/PSYCHOTHERAPIST
DEPARTMENT: COMMUNITY HEALTH AND WELLBEING
REPORTS TO: MANAGER, COMMUNITY HEALTH AND WELLBEING

SUMMARY: As a member of an interdisciplinary team, the Clinical Social Worker/Psychotherapist, using a trauma-informed and strengths-based approach, is responsible for providing a range of services including time-limited, client-centred individual counselling and facilitating psycho-educational groups. The Clinical Social Worker/Psychotherapist will collaborate and advocate with partners, community agencies and will have a strong understanding of equity as well as experience in working with diverse populations including rural dwellers, low-income communities, people living with chronic health and/or mental health issues, substance use disorders, older adults, culturally diverse, LGBTQ+ and others. This position is pivotal in delivering essential psychotherapy services, utilizing a diverse range of modalities.

REPRESENTATIVE ACTIVITIES:

- Maximize the functioning, independence, and resilience of clients by providing trauma informed, strength-based, time limited and client centred psychotherapeutic counselling to individuals and groups in-person or remotely as needed, and, when necessary, referring them to additional or alternative supports
- Conduct assessments and develop treatment plans
- Act as a client advocate ensuring that clients receive community supports, health and social services.
- Liaise with RCHS staff and community partners to support coordinated, wrap-around care
- Ensure appropriate treatment is delivered by maintaining proper client records and assessment notes.
- Contribute to developing new programs by identifying, recommending, and developing resources and materials and by participating in delivery of programs.
- Train social work/psychotherapy students on placement at the Centre as appropriate.
- Focus on those clients without benefit coverage or income which allows access to fee for service psychotherapy counselling services
- Ensure high standard of accountability by maintaining client records, assessment notes and correspondence within the safeguard of confidentiality and by College standards
- Participate in advocacy and social action initiatives that support a high quality of life for clients and community
- Participate in case conferences as required.
- Provide clinical supervision to RCHS counsellors
- Provide mental health consultations and information to CHC staff as well as partner agency staff.

COMMON RESPONSIBILITIES:

- Work in a manner that preserves confidentiality and seeks to minimize risk.
- Work in a manner that incorporates health promotion and recognizes the social determinants of health.
- Incorporate and strengthen collaborative and interdisciplinary teamwork.
- Respect and value the diversity of communities and individuals.
- Maintain competence and professional licence to practice.
- Support the student and volunteer placement programs.
- Promote awareness of and participates in RCHS activities.
- Contribute to the work by participating in meetings and committees.
- Work both regular and extended hours of operation in locations identified by RCHS.
- Contribute to RCHS' practices of hiring, orienting, training and mentoring staff.
- Contribute to the efforts to secure and maximize resources for current and new programs, services, and activities.
- Participate in the efforts to enhance capacity through staff development.
- Support and comply with the Occupational Health and Safety policies and procedures.
- Protect patients and employees by adhering to infection-control protocols.

QUALIFICATIONS:

- Master of Social Work or Master of Counselling Psychology degree from an accredited educational institution.
- Registration in good standing with Ontario College of Social Workers and Social Service Workers or College of Registered Psychotherapists of Ontario.
- Three to five years clinical Social Work/Psychotherapy experience, preferably in a community-based human service organization.
- Demonstrated experience using a trauma-informed and strengths-based approach.
- Thorough knowledge and understanding of community resources relating to social determinants of health.
- Knowledge and proficiency in current assessment and evidence-based psychotherapeutic counselling techniques including risk assessments and interventions.
- Knowledge of applicable legislation (*eg. Mental Health Act, Personal Health Information Protection Act, The Health Care Consent Act*).
- Commitment to continuous quality improvement and implementation of best practices.
- Experience and comfort working with a diverse and at-risk population.
- Experience and comfort using a harm reduction approach.
- Demonstrated commitment to inter-professional team environment.
- Clinical supervision experience.
- Sound judgement and problem-solving skills.
- Strong ability and comfort with setting and maintaining boundaries in a respectful manner.
- Ability to assess situations and respond appropriately and with urgency as needed.
- Demonstrated ability to deal effectively with crises.

JOB DESCRIPTION

- Passion for equitable access to care and ability to inspire others to make change to improve outcomes for persons with complex care needs.
- Excellent interpersonal skills and the ability to build strong, trusting relationships with health care providers and other stakeholders.
- Experience with electronic health records.
- Experience in program development, implementation and evaluation.
- Excellent communication skills.
- Strong computer skills, with excellent oral and written communication skills.
- Ability to communicate in both official languages considered an asset.

OTHER:

- Ability to work flexible hours based on program needs
- Valid Driver's license and vehicle to travel between RCHS locations as needed.
- Canadian criminal record check and a vulnerable sector check that are satisfactory to RCHS
