

Services for Long Term Care Residents

The RCHS Telemedicine Coordinators can pro-vide bedside technologies and nursing support to residents of LTC to avoid unnecessary and often difficult travel.

Please indicate on the referral form if your client requires accommodations to conduct their eVisit.

eVisit Sites:

- Brockville General Hospital
- Perth and Smiths Falls District Hospital
- Prescott Family Health Team
- Leeds Grenville Family Health Team (Brockville & Gananoque)
- Athens Family Health Team
- Country Roads CHC (Portland & Westport)
- Rideau Community Health Services
 - * Smiths Falls Site
 - * Brockville Site
 - * Merrickville Site

We accept referrals for ANY appointment that may be done via Telemedicine. Programs are continually developed based on the needs of our patients and providers. Please contact us if you have questions or suggestions about our services

Telemedicine Services

Telemedicine Services

Rideau Community Health Services (RCHS) Telemedicine Services (TMS) coordinates and supports eVisits at various sites across the South Lanark, Leeds & Grenville region.

By utilizing OTNhub, patients and providers are able to connect safely and securely to conduct their eVisit (appointment).

Our Telemedicine Coordinators (TMC) are specially trained nurses who provide clinical support patients and health care providers before, during, and after eVisits.

Why Telemedicine?

- Convenience and flexibility for patients and providers
- Spend less time in the waiting room!
- eVisits can be conducted close to home or work (see our available service locations)
- Reduced costs
- Access to a wide variety of programs and specialists
- eVisits are available to anyone with a valid Ontario Health Care at no additional cost to them.
