

Our Virtual Care Team can help find a specialist for your patient that can see your patient closer to their home using a virtual platform. RCHS has partnered with many specialists, and we continue to connect with new specialists eager to use virtual platforms for patient care.

Reach out to our Virtual Care Team if you have a patient needing a specialist referral, or if your patient needs to be seen by your primary care team virtually in their home. Our nurses do home visits, including visits to Long Term Care homes.

We work with CAMH and ROH to coordinate virtual mental health appointments for your referred patients that are unable to connect from home. Please send mental health referrals directly to CAMH or ROH.

We are here to assist you, please reach out by using our RCHS Telemedicine referral form or contact us by email at tmappts@rideauchs.ca or call our office in Smiths Falls 613-284-2558 or Brockville 613-498-1555.

Our current list of specialties:

- Nephrology – Dr Weinstein
- Hematology – Dr LaCroix and The Ottawa Hospital
- Dermatology – Telederm via OTN
- Endocrinology – Dr Irobi and Dr Trinacty
- Rheumatology – Dr Towheed KHSC
- Transgender Health Care- Kingston CHC
- Neurology- Kingston Health Sciences, Booth Neurology
- Cardiology – University of Ottawa Heart Institute
- Wound Care – Queensway Carleton Skin and Soft Tissue Clinic
- Viral Hep C Program - The Ottawa Hospital
- Virtual visits in LTC with patient's own specialist for continued care
